

SHAI is a Maryland Department of Transportation (MDOT) Minority Owned certified General Construction consulting firm, that provides quality building and other Technical Innovation services. SHAI has attracted a diverse staff of highly trained, experienced and dedicated professionals and is positioned to accept the most challenging client requirements in the fields of Construction Management, Information Technology, Engineering, and Business services. SHAI focuses on developing its services and products in two ways:

- 1) Designing the services that meet our clients needs (based on assessment results); and
- 2) Delivering quality products and services that deliver quality solutions. In meeting this goal, SHAI is committed not only to the resolution of complex problems, but also to provide superior and timely services. While SHAI offers a broad range of services, we provide only one standard performance: **excellence**.

Innovation

We continually challenge ourselves to improve our performance and solve problems, driving innovation, informed but unconstrained by our past experiences.

Professionalism

You can count on us to treat you and everyone on the project team with respect. On good, bad or indifferent days, it's up to us to remain cool, calm and collected.

Customers

Customers are at the forefront of everything we do. By understanding their needs and exceeding their expectations, we strive to be valued partners, delivering the high quality our customers require and building enduring relationships.

Integrity

We hold ourselves accountable to one another and treat others with respect. We are honest, forthright, and ethical in the work we perform and deliver every day.
